Aims + Objectives

- Increase and sustain earning potential and economic activity for B.C. artists, studios, recording professionals, producers, and music companies.
- Develop audiences for B.C. artists locally, nationally, and internationally.
- Invest in the creation and marketing of intellectual property and expand digital presence for B.C. artists.
- Support a broad range of artists, including artists from systemically excluded groups who experience barriers to participation.

Applicant Eligibility

Applicants can apply for activities that support the career development of emerging and established B.C. artists. This may include musicians, composers, bands, and musical ensembles. The artist is the individual or group that has creative control of the music being created or recorded, and who performs and/or releases music under their brand.

Creative BC encourages applications from systemically excluded groups, including Indigenous Peoples (First Nations [Status/Non-Status], Métis, and Inuit), Black, People of Colour, People living with one or more Disabilities, 2SLGBTQIA+ communities, and other groups who experience systemic barriers to participation.

Applicants must meet all of the following criteria to be eligible:

- **Artists must have resided in B.C. for at least 200 of the 365 days before the deadline of September 9, 2026.** In the case of a band or group, 50% or more of the permanent members must meet these B.C. residency requirements. This will be verified with all grant recipients.
- **Artists must demonstrate experience** recording, releasing music and/or performing, earning money from music, and promoting their music online. At least two songs must be available from the artist on a public platform.
- **Artists may apply as an individual or as a music company.** If applying as an individual, the artist must have a valid social insurance number (SIN).
- Music companies such as record labels may apply on behalf of artists on their roster. If applying as a company:
 - The primary business activities of the company must include music.
 - The business must be a legal entity in the form of a sole proprietorship, registered partnership, incorporated company, or not-for-profit society. The business must have a valid statement of business registration, certificate of incorporation, business number, or GST number. To learn more about registering your business, visit the [BC Business Registry](#), or [OrgBook BC](#).
 - The company must provide a signed contract between the artist and the company that outlines their business relationship.

Other eligibility information:

- If an artist has previously received Career Development funding from Creative BC, all prior Career Development final reports must be submitted prior to the application deadline.
- Eligible applicants must have filed income tax returns in B.C. in the taxation year prior to the date of application (2025), if legally required to do so. **It is an expectation in this program that all grant recipients are up to date, as applicable, on their income tax payments in B.C.**
- The owners, principals, directors, officers, and shareholders of the applicant company must be in good standing (i.e., not in default) with Creative BC.
- If the artist is a minor (under 19 years of age), the artist's legal guardian must be included on the application.
- Recording studios, record producers, production companies, video production companies, or managers are not eligible to apply directly. Individuals affiliated with a project may assist with the preparation of an application, and be listed as a secondary contact or grant writer, but cannot apply or sign on behalf of the artist or the label.

Project Eligibility

Eligible activities must take place within B.C. or engage out-of-province professionals remotely. Artists cannot travel outside of B.C. to complete activities. Project budgets must maintain a minimum of 50% B.C.-based expenses paid to B.C. vendors. National or multi-national companies that employ people in B.C. can contribute towards B.C.-based expenses.

Applicants can apply for a single activity, or a combination of any of the following activities:

1. **Sound recording** activities, including singles, EPs, and LPs in the form of original music, covers, remixes, and interpretations of existing music. Recordings can be in any genre or language, including instrumental works. This program does not support songwriting, commissions, or the creation of new works prior to recording. Recordings supported through this program must be intended for commercial release.
2. **Music video** production, including visualizers, short-form video, official music videos, pre-recorded and live-streamed performance videos, and other promotional video content that supports a B.C. artist. Live-streamed videos must continue to be available after the live-stream as a permanent promotional asset.
3. **Marketing** activities, including photography, digital media, websites, bio writing, publicity, social media marketing, tour promotion, or radio promotion. Vendors may be Canadian or international, although hiring B.C. vendors is strongly encouraged. This program may support the manufacturing of a limited amount of merchandise for promotional purposes, but not for sale.

Lists of [previous recipients](#) and [artist profiles](#) can be found on the Creative BC website.

Financial Participation

This program covers **75%** of expenses for all applicants, up to the grant amount.

Total public funding from combined sources cannot exceed 75% of the budget for applicants, except for Indigenous artists, who can use multiple public-sector grants to cover their entire project budget.

Artists may submit one application per deadline, and must self-identify as either an Emerging or Established artist based on the career milestones outlined below.

Emerging Artists: \$1,000 - \$10,000

This category supports emerging artists with a commitment to music creation, and clear, achievable goals to grow their music business. Emerging artists must exhibit all of the following career milestones:

- **Previous revenue generation** as an artist from music-related activities such as paid gigs, royalties, and/or merchandise sales. It is strongly recommended that artists are earning a minimum of **\$2,000** per year from all activities specific to their music business, not including grants.
- **A history of recording and releasing music** with a minimum of **two** songs available on a public website or platform. Musicians in performance-based genres, such as classical music, opera, or traditional or ceremonial music may provide their performance history in lieu of release history if recorded music is not a focus in their genre.

- **A history of performance**, presentation, or distribution of works within their geographical area.
- **Maintain an active web presence** and create content relevant to the project on a public platform, such as a website, social media, blog, live performance videos, or music videos.
- **Able to provide and interpret basic audience and sales metrics** as indicated by their digital platforms or performance history.

Emerging artists who wish to apply for a new project or solo project must meet all the Emerging criteria and the release or performance requirements for their new project, independent from their experience in other groups.

Established Artists: \$1,000 - \$30,000

This category will support established artists that demonstrate financial viability and create economic impact in B.C. in the form of job creation and business relationships within the music industry.

Established artists must meet all of the Emerging milestones, and exhibit many or all the following additional criteria:

- **Substantial earnings from music** activities including touring, licensing, publishing, streaming, and album sales. It is strongly recommended that artists are generating a minimum of **\$30,000** per year from all activities specific to their music business, not including grants, to be competitive as an Established artist.
- **Are supported by one or more industry professionals** such as a label, management company, publicist, publisher, etc.
- **Have produced an extensive body of recorded work** that has been commercially released with a strong, recognizable style and sound.
- **Track record of media exposure** in the form of awards, radio play, or other press.
- **Tour history** with national and/or international tour dates, with affiliated press.
- **Demonstrates a substantial audience** on social media, streaming services, or at live performances.

Established artists who wish to apply in this category for a new project or solo project must contact Creative BC prior to applying to discuss eligibility. Applicants must demonstrate how the new project builds on their existing audiences and previous successes in their application.

Eligible Costs

Applicants must provide a detailed proposed budget for their project, and their application must declare all expenses and sources of revenue, including confirmed and unconfirmed grants. All expenses must be market rate. This program funds activities and related expenses incurred between **April 1, 2026** and **December 1, 2027**.

Artists must maintain a minimum of 50% B.C.-based expenses for their project to remain eligible. Hiring B.C. vendors is strongly encouraged, and investment in B.C.'s recording industry is considered in the scoring criteria. Projects that create jobs in B.C.'s music industry are prioritized.

Examples of eligible expenses include:

- Expenses related to sound recording, marketing and video production, such as studio rentals, gear rentals, producer fees, video expenses, publicists, marketing assets, etc.
- Catering OR per diems for artists recording outside of their city or hometown requiring travel within B.C. The maximum per diem is \$80 per day per person, and the maximum accommodation rate is \$400 per room, pre-tax, per night.

- Childcare expenses for studio days, video production days, or other activities directly related to the project.

- Grant writing fees for artists with self-declared disabilities or English language barriers, up to \$300 for successful applications.
- Artists may pay themselves up to \$1,500 as Emerging artists and up to \$3,000 as an Established artist for work completed in-house. This may include self-recording, graphic design, ad campaigns, administration, and other work related to the project. Artists must track and report on their hours for the type of work being claimed as part of the grant. If a company (i.e., a record label) holds a grant on behalf of an artist on their label, self-payment can only be claimed for artist fees, and not for in-house business expenses. Additionally, artists cannot claim self-payment for work completed by a company in which they are a full or part owner.
- Artists may claim gear purchases, software, or other equipment necessary to complete the project **up to 10%** of the maximum grant in their artist category.

Project Completion

Once applications are scored, Creative BC may make adjustments to fill gaps based on representation, region, and type of applicant, to support the breadth of B.C. and its music industry. Creative BC may also prioritize applicants who have yet to receive significant funding through its programs, which may result in smaller grants for previous recipients.

The review period is approximately 12 to 14 weeks following the deadline. All applicants will be notified of results by email. Creative BC will only discuss specific applications with named key personnel on file.

Recipients must complete a final report detailing impacts of the funding by **December 1, 2027**.

To complete the final report and receive the balance of funding, applicants must submit the following:

- ☐ Online Final Report;
- ☐ Cost report (template provided), and;
- ☐ Approved [Creative BC and Province of BC logo placement\(s\)](#).

The recipient is responsible for issuing all payments related to the project and – if requested by Creative BC staff at any time – providing invoices with valid proof of payment which includes a bank statement, credit card statement, processed cheque, wire transfer, or e-transfer confirmation.

Commercial releases can take place up to 12 months after the submission of the final report.

Terms of Funding

Advance of Funds

The advance of funds (the “Advance”) is non-recoupable (except as noted below, under Forfeiture and Default and within the Agreement) and will be released over two drawdowns (75% and 25%, respectively), according to the conditions laid out in the Agreement.

Respectful Workplace + Client and Partner Code of Conduct

As a catalyst for, and investor in B.C.’s creative industries, Creative BC is committed to supporting a healthy ecosystem that thrives in a culture of mutual respect, dignity and inclusivity that is free from any form of harassment, discrimination, and violence. All companies that work with, or seek funding from, Creative BC are expected to adhere to [Creative BC’s Code of Conduct for Clients, Partners, and Stakeholders](#), implement policies and procedures for a harassment-free workplace, and comply with relevant laws. Creative BC is a signatory of the [Creative Industries Code](#) and expects all applicants, recipients, and partners to also adhere to this Code of Conduct. [Learn more](#).

Use of Artificial Intelligence Technology

Applicants using Artificial Intelligence (AI) technology should refer to the Province of British Columbia’s [Draft artificial intelligence responsible use principles](#) – in particular, the principles of transparency, accountability, and fairness in how they relate to this program.

The use of Artificial Intelligence (AI) technology must be disclosed and outlined in the application.

This applies to:

- The use of AI to prepare the application form and all supporting materials; and
- The use of AI in the creation of content or otherwise, for projects supported by Creative BC.

It is the responsibility of the applicant to ensure that all applications and projects have access to all underlying rights including content that is created with the assistance of AI technology.

Forfeiture and Default

A completion date is noted on the Agreement by which all deliverables will be submitted. Should all materials not be provided by the completion date, the eligible applicant forfeits any outstanding drawdown amounts, and Creative BC reserves the right to request immediate repayment of all funds advanced.

Should an eligible applicant be placed in default according to the terms of the Agreement, this limits the applicant, its principals and any parent or subsidiary companies from accessing further funding from Creative BC.

Environmental Sustainability

Creative BC encourages the music industry to adopt and implement environmentally sustainable practices and reduce environmental impacts. Applicants are asked to travel responsibly, choose vendors with a track record of operating sustainably, and to consider the benefits and consequences of manufacturing physical products.

Resources for sustainable video production are available with Creative BC through the [Reel Green initiative](#), which includes a collection of best practices to help productions reduce their environmental impacts and improve their overall environmental footprint. A free [Climate and Sustainable Production Training](#) course is available for applicants involved in video production.

Justice, Equity, Decolonization, Diversity + Inclusion

Creative BC is committed to ensuring program access for all, and incorporating justice, equity, decolonization, diversity and inclusion in program delivery. [Learn more.](#)
